Powered by Mindful Education

We specialise in creating media-rich professional courses & apprenticeships.

In partnership with colleges across the UK, we design courses that allow students to fit their studies in and around their work and life commitments.

Our courses are bursting with high-quality media and digital content for learners; from animations and film, to case studies and online exercises, with a bespoke virtual learning environment for every course we make.

Special Offer: Blended Learning Consortium members

Partnering with Mindful Education provides Blended Learning Consortium members with **an additional £1,000 marketing budget** for colleges that choose Mindful Education for any of their professional courses & apprenticeships offer.
