Moving to Remote Learning

Ensure technology is available
- Office 365 A1 is free
- Teams is our recommended application for Remote Learning

Get set up
- Deployment guides
- Partner assistance
- FastTrack support

Be ready to teach and learn remotely
- Remote Learning Community
- Educator Training
- Webinar Series
- Educator Stories

Why Microsoft Teams for Learning?

Consistent, familiar experience across devices, mobile, web, and meeting rooms

Adaptive, resilient audio and video over poor bandwidth, echo and more

Real-time co-authoring with integrated Office 365 applications

Enterprise-grade security, compliance and manageability with Office 365

Staying in the know with teaching lifecyle, before, during and after

High-quality Learning experiences that scale from 2 to 10,000 attendees

Live captions allow everyone to follow along during a session

Manage your files and video content with Office 365 services
